Riverport S.A. specializes in handling clean solid bulk import cargoes and exporting coal and/or coke. We prioritize adherence to internal requirements, legal and ESPO norms, and all other applicable regulations. Our commitment to continuous improvement drives us to adopt standards that surpass legal requirements whenever reasonable.

At the heart of our success is a dedicated team focused on meeting the needs and expectations of all stakeholders. We guarantee safe, reliable international trade operations, mitigating risks throughout the supply chain and upholding our corporate responsibility for social integration.

As an environmentally responsible organization, Riverport actively prevents pollution and implements significant measures relating to our services and activities. Our priorities include the rational and efficient use of natural and energy resources. We invest in high-efficiency products and services and design activities to optimize energy consumption. Ensuring the availability of information and resources to achieve our energy performance goals is vital for Riverport's sustainable development and that of our stakeholders.

Riverport S.A. is committed to allocating human, economic, and technological resources for the design, implementation, evaluation, and enhancement of all activities within our Environmental Management System. We foster consultation and participation among personnel or their representatives and provide training plans emphasizing the importance of environmental respect during daily activities.

In the interest of transparency, Riverport commits to publishing a bi-annual environmental report on our website, updating the public and stakeholders on critical aspects of port operations.

Our environmental policy applies to and is communicated with all work areas of the Terminal and every level of the organization. This includes service providers, clients, employees, contractors, subcontractors, visitors, business associates, and other interested parties. To maintain policy effectiveness, we continually review and update it in response to changes in the Integrated Management System and Riverport's strategic direction.

Barranquilla March 30<sup>th</sup>, 2023.

MICHAEL MULFORD  
General Manager.
